2. The following is an examiner's statement of reasons for allowance: no prior art teaches or fairly suggests a set of digital antibodies, wherein the set comprise at least 15 antibodies, wherein each digital antibody binds specifically to a different epitope consisting of 3, 4 or 5 consecutive amino acids, wherein each digital antibody recognizes a plurality of distinct and different proteins that comprises the same epitope to which the digital antibody binds. The instant invention distinguishes from the conventional antibody array because the conventional antibody array is a random set of antibodies with plurality of cross-reactivity, and the epitopes recognized by the antibody array are usually 6-8 consecutive amino acids.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jacob Cheu whose telephone number is 571-272-0814. The examiner can normally be reached on 9:00-5:00.
